

Offers leading edge **NAND Flash-based** storage

Exceptional **Performance**

Outstanding **Reliability**

Artificial Intelligence
Cybersecurity

Competitive Advantages

- **Industrial** grade products
- High **reliability** and strong **durability**
- Special capacity and **customization**
- **Long-life** support with **Fixed BOM**
- **Averaging pricing strategy**
- **Cybersecurity** NAND product portfolio

Contact Us

- **Solutions**
We customised solutions to counter obsolescence, compatibility issue, non-fixed BOM and pricing fluctuation concern
- **Crossing**
Micron, Sandisk, Panasonic, Kingston, Transcend, Swissbit..etc

Leading-Edge AI Cybersecurity

- **X-PHY Cyber Secure SSD**

World's first cybersecurity SSD with embedded AI for real-time protection against cyber-attacks

Leading-Edge Data Security

- **WORM Solution (Write-Once-Read-Many)**

Tamper-proof storage protect data from being modified, erased, or deleted
